

ZEV has a full catalog of internals to upgrade your frame. ZEV products increase the ease of use with our extended slide lock, a factory extended slide release and extended magazine release. We also have extra or spare frame pins which are a great addition to your range bag or tool kit. It never hurts to have an extras.

ZEV EXTENDED MAGAZINE RELEASE (GEN-3)

An all aluminum extended mag release upgrade from the plastic factory version. Features a textured oversized head, allowing shooters to access it without shifting grip.

- Aluminum mag release body and button are more durable than factory plastic mag release
- Mil-Spec hard-anodized, aircraft-grade billet aluminum
- Allen wrench included

SIZE	SKU
SMALL	MR-SM-3G-B
Fits models: G17, G19, G34, G22, G23, G35	

ZEV EXTENDED MAGAZINE RELEASE (GEN-4, GEN-5)

Designed with an aggressive rearward angle and a non-slip textured face that matches the factory finish of your Gen-4 and Gen-5 grip.

- Drop-in replacement part.

SIZE	SKU
SMALL	MR-SM-4G
Fits models: G17, G19, G34, G22, G23, G35	

ZEV TITANIUM PIN KIT

Precision-machined titanium pins are stronger and fit your GLOCK frame better than factory pins.

- Kit includes one each of the following: Trigger Pin, Locking Block Pin, Ejector housing pin
- Gen-4 kit comes with an additional Ejector housing pin, longer for usage of backstrap (shown),
