

ZEV Duty Slide Kits come with all ZEV internals fully assembled and topped off with preinstalled ZEV tritium night sights. The black nitride finish of the Duty slide provides a durable coating. ZEV's patented RMR slide cut enables the use of red dot sights that have an RMR installation footprint.

The Duty slides feature the same workmanship and quality that ZEV is known for with a functionally driven design and utilitarian coating for the no-nonsense shooter who is looking to complete a new frame build or to enhance the functionality of their Glock.

**ZEV Slide Kit features:**

- Machined from 17-4 Stainless steel billet
- Lowered ejection port to aid in ejection of brass
- Match grade, precision milled tolerances that are tighter than factory
- Improved accuracy and grouping performance upon installation
- ZEV Full upper parts kit – installed
- ZEV Tritium Night Sight Set – installed
- Torx wrench and RMR screws included

**NOTE:** ZEV RMR Cover Plate not included. Sold separately.
